Alkermes contributes to independent education by supporting medical education grants. Alkermes is accepting proposals for the following Request For Proposal (RFP). Requests must be submitted online at: https://www.alkermes.com/responsibility/medical-education-grants by the accredited provider.

Request For Proposal #: Alcohol Use Disorder (RFP# 2020-RFP-AUD-01)
- Alkermes is looking to fund independent medical educational programs regarding best practices for the use of medications for the treatment of alcohol use disorder, including best practices around initiating these medications in real-world settings and maintaining medication adherence to improve outcomes in patients.
- Priority will be given to programs that develop enduring materials and that identify best practices based on the consensus view of experts in the fields of alcohol use disorder research and clinical practice.
- Education activities must be accredited (CME/CE), and collaborations between medical societies, academic institutions, and medical education companies are encouraged.
- Target audiences for this education include addiction care teams, including physicians, nurse practitioners, physician assistants and pharmacists.
- Budget: There is no pre-specified limit on the amount of money that may be requested for an educational program under this RFP. However, the total cost of a proposed program will be taken into consideration by the review committee. Requests with multiple funding sources are preferred.
Application Requirements

Grant requests must be submitted at least 90 days prior to the activity start date. The following information is required for application submissions:

- Grant Letter of Request
