

# Great Science. Deep Compassion. Real Impact.

At Alkermes, we apply our deep neuroscience expertise as we seek to develop medicines designed to help people living with complex and difficult-to-treat psychiatric and neurological disorders. With our portfolio of marketed medicines and investigational pipeline candidates, we seek to make a meaningful difference in the way people manage their diseases. Our patient-inspired science, integrated research strategy, sophisticated development capabilities and specialized commercial infrastructure enable us to pursue the development and commercialization of innovative new medicines, including those for people with conditions that have traditionally been overlooked or stigmatized.

## Marketed Medicines

Our portfolio of proprietary commercial products focuses on chronic conditions that represent some of the most challenging health issues of our time. We currently market commercial products focused on these complex diseases:

- Alcohol Dependence
- Opioid Dependence
- Schizophrenia
- Bipolar I Disorder

## Company Info

## Responsibility

Corporate responsibility is inherent in our mission as an organization that actively works to support people living with complex and difficult-to-treat psychiatric and neurological disorders. We strive to manage our business in a manner that promotes transparent governance and strong ethics; maintains extensive patient, employee and other stakeholder engagement; and helps us grow our organization strategically, sustainably and responsibly.

Alkermes respects the culture, customs and values of the people in the communities in which we work and live. We seek to support and positively impact our communities through our grant programs, sponsorship contributions, donations and employee volunteer support.

*"In addition to our marketed medicines and research efforts, we see ourselves having a responsibility and opportunity to contribute more broadly and serve as a positive example for others."*

-Richard Pops, CEO

*Alkermes employees participated in Alkermes in Action volunteer events*
